Dean,

Agree with Roger's changes.
I've made modest changes to wording of the third bullet.
First bullet concerns me because it doesn't appear we are giving SECNAV enough background as to why Rep. Skelton called about the reduction of (b) (5) at Hunters Point. May want to introduce that the City of San Francisco lobbied Rep.

Pelosi to accelerate clean-up at Hunter's Point so that a stadium for the 49ers could be constructed. Congress would have to add (b) (5) to the Navy's (b) (5) in FY-08 to meet schedule.

v/r,
Rob

Dean,

Per SECNAV writing guide, first bullet of info memo "will identify what information is being forwarded and why". In my view, we're not telling SECNAV why this info is being sent up. Believe we need to reference that we are responding to Rep Skelton's phone call.

Roger, Rob and Steve,

Attached for final review is memo including PMO chops. Looks like a few small wording changes. Also attached is coordination sheet. Appreciate your help with correct titles on that.

Andy,

Could you take a look at this from OLA perspective? Please call if you need some background.

Melody,

Would like to get AGC coordination as well. Can you work that and update coordination sheet?

Trying to get this out the door this morning. Thanks all for the assist.

I think a change of budget numbers is a bridge much too far, and propose the attached which provides a context and a general direction, but reaffirms for budget purposes our FY-08 number. Purpose of the 1630 meeting today that I requested is to discuss the art of the possible.

Roger,

First attachment is info memo from BRAC PMO to support a response to Rep. Skelton. 2nd attachment includes some additional info from Andy Schulman based on what he heard from Appropriations staff yesterday.

Below is feedback from Steve Benson.

Would like to discuss on Monday.

Dean,

I have reviewed the draft Info Memo with Rob and talked with our budget submission branch. The Navy can provide an amended budget book submission, however you should be aware that it is a formal process with a number of steps. It would need to be reviewed by FMB, OSD and OMB and then submitted to the Hill. So it requires buy in from N82, the ASN (FM&C), OSD Comp. (at the Ms. Jonas level) and OMB. Just so you know, we tried to do an amended budget book submission for the FY 07 & FY 08 GWOT and Ms. Jonas said no.

As the submission of budget materials is a core N82/FMB responsibility, I would urge you to brief FMB senior leadership before recommending a Amended Budget Submission to SECNAV.

Let me know if I can be of any assistance in this matter.

Vr,

Steve

Ma'am,

SECNAV received a call today from Representative Skelton regarding Hunters Point. Said that previous budget included (b) (5) for remediation at Hunters Point; current submission dropped by (b) (5). He wants to know why.

Need to get answer back to SECNAV so he can call back Congressman Skelton. Would like to get info back tomorrow. Format of an info paper would be best.

Thanks much.
